

## Asim Karim

Dept. of Computer Science  
Lahore University of Management Sciences (LUMS)  
Opposite Sector U, DHA  
Lahore, 54792  
PAKISTAN

Phone: +92-42-35608205

Fax: +92-42-35898315

E-mail: [akarim@lums.edu.pk](mailto:akarim@lums.edu.pk)

Web: <http://web.lums.edu.pk/~akarim>

### Professional Experience

**Associate Professor, Dept. of Computer Science, LUMS, Pakistan (07/2006-present)**

**Assistant Professor, Dept. of Computer Science, LUMS, Pakistan (07/2002-06/2006)**

#### Teaching

- Graduate Courses: Data Mining, Advanced Data Mining, Machine Learning, Neural Networks, Research Trends in AI, Artificial Intelligence, Data Warehousing, High-Performance Computing
- Undergraduate Courses: Intro to AI, Adv. Topics in AI, Neural Networks, Expert Systems

#### Research Interests

- I direct the Knowledge and Data Engineering (KADE) Lab focusing on data mining algorithms and applications, machine learning, and applied artificial intelligence. Recent directions include text mining, classification and clustering methods, and applications of machine learning in Web, computer networks, engineering, and medicine.
- High performance parallel and cluster computing with an emphasis on algorithms and applications in data mining and machine learning.
- Intelligent systems and systems engineering.

#### Theses Supervised

- Co-supervised one PhD thesis, 2006.
- Supervising two PhD candidates; graduation expected in 2010 and 2011.
- Supervised several M.S. and Senior projects.

#### Infrastructure Development

- Established the first dedicated cluster computer at LUMS as a university-wide resource for high performance computing.
- Set up Knowledge and Data Engineering Lab to support research and development efforts in data mining, machine learning, and informatics.
- Set up an assistive technology lab for persons with vision impairments.

#### External Funding

- Rs. 1.11 million equipment grant for setting up an assistive technology lab for persons with disabilities.
- Rs. 2.63 million over 2 years for “Data Warehousing Virtualization Framework for Enhanced Business Intelligence.” (joint project with PUCIT)
- Rs. 1.1 million over 2 years for “Intelligent Network Intrusion Detection System.”
- Rs. 4.3 million over 3 years for “Automatic Control Programming of Robots Through Imitation” (as Co-PI).

#### Administrative Contributions

- Revised the CS undergraduate curriculum.
- Evaluated internal research proposals, evaluated research publications, and developed procedures for evaluation as member of the departmental research committee.
- Reviewed and revised rules and regulations of the graduate program as part of the departmental steering committee.

**Visiting Academic Researcher, Dept. of Computer Science, U. of York, UK (04/2009-06/2009)**

Collaborated with Dr. James Cussens and Dr. Suresh Manandhar on developing a tag recommender for a social bookmarking system. This work was funded by the European Commission EURECA program.

**Research Associate. Knowledge Engineering Lab, The Ohio State University, USA (06/96-03/2002)**

- Developed a neural network model for estimating freeway work zone capacity and delay.
- Developed a case-based reasoning decision support tool for freeway work zone traffic control.
- Developed robust freeway incident detection algorithms employing wavelet domain processing, fuzzy clustering, and neural network classification.
- Developed an object-oriented software framework for construction scheduling, cost optimization, and management.
- Adapted the framework for the development of a Windows software application using MFC and Visual C++.
- Extended a patented neural dynamics optimization model and applied it to two different domains: construction cost minimization and minimum weight design of cold-formed steel beams.
- Assisted in writing several research proposals for funding of new projects (from DOTs and NSF).
- Successfully completed two projects as the primary research associate, and contributed to others.

**Graduate Teaching Associate. The Ohio State University, USA (10/97-12/97)**

Assisted students in CE 532 (Structural Steel Design) with the in-house developed software and the commercial software Ram Steel.

**Guest Lecturer. The Ohio State University, USA (04/97-12/2001)**

Prepared and presented guest lectures in CIS 739 (Knowledge-based Systems in Engineering) on the following topics:

- Reuse in Software Engineering: Components, Frameworks, and Patterns
- Discrete Wavelet Analysis and its Applications
- Introduction to Wavelet Neural Networks

**Lab Manager. Knowledge Engineering Lab, The Ohio State University, USA (04/97-03/2002)**

Maintained a lab of Windows PCs. Guided and assisted graduate students in their computation needs.

**Design Engineer. Amir, Rizwan, and Wasim (Pvt.) Ltd., Lahore, Pakistan (09/94-12/94)**

Responsible for the analysis and design, including the final detail plans, of reinforced concrete buildings and steel roof trusses. Worked with the client from requirement analysis to final detail plans for the design of a 50,000 gallons overhead reservoir.

**Education****Ph.D. The Ohio State University, USA (04/97-03/2002)**

Concentration in Computer and Information Science and Systems Engineering. Research areas: decision-support systems, intelligent systems, wavelet analysis, neural networks, pattern analysis, optimization, and software engineering. Thesis: "Wavelet-Neural Network Models for Automatic Freeway Incident Detection." Advisor: Dr. Hojjat Adeli.

**M.S. The Ohio State University, USA (01/95-12/96)**

Structural Engineering with minor in Computer and Information Science. Thesis: "Neural Dynamics Model for Optimization of Construction Projects and Optimum Design of Cold-Formed Steel Beams." Advisor: Dr. Hojjat Adeli.

**B.Sc. (Honors) University of Engineering and Technology, Lahore, Pakistan (06/89-07/94)**

Civil Engineering. Research Project: "Calculation of Lateral Loads on High-Rise Buildings by Approximate Methods."

## Books

1. Adeli, H. and **Karim, A.** (2005), *Wavelets in Intelligent Transportation Systems*, Wiley, UK, 248 pages.
2. Adeli, H. and **Karim, A.** (2001), *Construction Scheduling, Cost Optimization, and Management: A New Model Based on Neurocomputing and Object Technologies*, Spon Press (Taylor and Francis), UK, 352 pages.

### Poster Presentations

1. **Karim, A.** and Adeli, H. (1996), *Neural Networks Computing in Highway Engineering*, Ohio Transportation Engineering Conference, Columbus, Ohio, November 19-20, 1996.
2. **Karim, A.** and Adeli, H. (1997), *Object-Oriented Information Model for Construction Change Management*, Ohio Transportation Engineering Conference, Columbus, Ohio, November 18-19, 1997.

3. **Karim, A.** and Adeli, H. (1998), *CONSCOM: A New Construction Scheduling, Cost Optimization, and Change Management System for Highway Construction Projects*, Ohio Transportation Engineering Conference, Columbus, Ohio, November 17-18, 1998.

### Publication Impact

- Sum of Impact Factors of journal articles: 9.507 (based on 2009 ISI SCI)
- Total citations: 394 of 27 cited publications (based on Google Scholar citations gadget on 09/2009)
- H-index: 15 (based on Google Scholar citations gadget on 09/2009)

### Invited Talks

1. Karim, A. (2008), "Data Warehousing: Concepts and Techniques," Kinnaird College, Mar. 26, Lahore, Pakistan.
2. Karim, A. (2007), "Data Warehousing: Concepts and Techniques," Kinnaird College, April 28, Lahore, Pakistan.
3. Karim, A. (2005), "Introduction to Data Warehousing and Data Mining," Kinnaird College, Nov. 28, Lahore, Pakistan.
4. Karim, A. (2003), "Nonlinear Optimization – Theory and Practice," *International Bhurban Conference on Applied Sciences and Technology - Control and Simulation*, Jun. 19 – 21, 2003, Bhurban, Pakistan.

### Software

Karim, A. and Adeli, H. (1998), *CONSCOM User's Manual*, Version 1.0, Knowledge Engineering Lab, The Ohio State University, Columbus, OH.

### Grants

1. Rs. 2.63 million over 2 years for "Data Warehousing Virtualization Framework for Enhanced Business Intelligence," from HEC, joint project with PUCIT, 2008.
2. Rs. 1.11 million equipment grant for setting up an assistive technology lab for persons with disabilities from Sightsavers, Inc, 2007.
3. Rs. 1.1 million over 2 years for "Intelligent Network Intrusion Detection System" from PTCL R&D Fund (PI), Jan. 2005.
4. Rs. 4.3 million over 3 years for "Automatic Control Programming of Robots Through Imitation" from PTCL R&D Fund (Co-PI), Dec. 2005.

### Consulting

1. Technical consulting for Tricastmedia, Inc for the R&D project "Ranking Product and their Features Based on Reviews on the Web," Jul. 2007 – Jan. 2008.
2. Technical consulting for Intagleo (Pvt) Ltd for the R&D project "Location-based Search Engine for Mobile Devices," Jan. 2008 – Mar. 2008.

### Member Reviewer Panel

1. Higher Education Commission of Pakistan (Research Proposals), 2003 – 2006.
2. Computer-Aided Civil and Infrastructure Engineering, 1997 – present.
3. IEEE Transactions on Intelligent Transportation Systems, 2004 – present.
4. Integrated Computer-Aided Engineering, 2000 – 2003, 2006, 2008-present.
5. Journal of Intelligent and Fuzzy Systems, 2005.
6. Journal of VLSI Signal Processing, 2003.
7. Engineering Applications of Artificial Intelligence, 2000 – 2001.
8. Neurocomputing, 2000.
9. Journal of Applied Systems Studies, 1999.

### Member Conference/Workshop Committees

1. Program Committee Member, International Conference on Multimedia Computing and Information Technology, Mar. 2 – 4, 2010.
2. Resource Person, Intelligent Data Analysis Methods in Functional Genomics, March 17 – 18, 2007, CASM, LUMS, Lahore, Pakistan.

3. Program Committee Member, International Conference on Computational Intelligence and Security, Dec. 15 – 19, 2007, Harbin, China.
4. Program Committee Member, International Conference on Computational Intelligence and Security, Nov. 3 – 6, 2006, Guangzhou, China.
5. Technical Program Co-Chair, IEEE International Conference on Engineering of Intelligent Systems, Apr. 22 – 23, 2006, Islamabad, Pakistan.
6. Technical Committee Member, International Conference on E-Governance, Dec. 9 – 11, 2005, Lahore, Pakistan.
7. Co-Coordinator, Workshop on Business Intelligence: Overview of Data Warehousing and Data Mining, Dec. 16 – 18, 2005, CASM, LUMS, Lahore, Pakistan.
8. Director, Workshop on Business Intelligence – Creating Customer Value, Jan. 16 – 17, 2004, REDC, LUMS, Lahore, Pakistan.
9. Reviewer, International Conference on Computational Intelligence and Security, Dec. 15 – 19, 2005, Xian, China.
10. Reviewer, Workshop on Frontiers of Information Technology, 2004 and 2005, Islamabad, Pakistan.
11. Reviewer, International Conference on Emerging Technologies, Sep. 17 – 18, 2005, Islamabad, Pakistan.
12. Reviewer, INMIC, 2004, Lahore, Pakistan.
13. Reviewer, International Conference on Parallel and Distributed Systems, Jul. 9 – 11, 2004, Newport Beach, California, USA.

### Member of Professional Organizations

Member, IEEE, 1998-present.

### Honors and Awards

1. User Behavior Modeling Award (2<sup>nd</sup> Position), ECML/PKDD Discovery Challenge, Warsaw, Poland, 2007.
2. Spam Filtering Performance Award (1<sup>st</sup> Position), ECML/PKDD Discovery Challenge, Berlin, Germany, 2006.
3. University Merit Award. University of Engineering and Technology, Lahore, Pakistan, 1992-1993.
4. B.Sc. with honors. University of Engineering and Technology, Lahore, Pakistan, 1994.
5. First position in school among 80 students in F.Sc. (Higher Secondary School Examination), Lahore, Pakistan, 1988.
6. First position in school among 40 students in GCE O' levels, Bauchi, Nigeria, 1986.

### Technical Skills

- Data mining, machine learning, pattern recognition
- Neural networks, fuzzy systems, knowledge-based systems, case based reasoning, genetic algorithms
- Text mining, Web mining
- Wavelet analysis, signal processing
- Parallel computing, cluster and grid computing
- Data warehousing, database systems
- Networking technologies (Ethernet, TCP/IP, multimedia over IP, etc.)
- Object and component technology (patterns, frameworks, UML), software engineering
- Linear and nonlinear optimization, discrete system simulation, statistical analysis

### Computer Skills

- Visual C++, C/C++, MATLAB, FORTRAN 90, MFC, MPI, SQL, HTML, JAVA
- Windows XP/NT, Linux, UNIX (IRIX, AIX), UNICOS
- PCs, Linux/UNIX workstations, cluster computers, Cray Y-MP, Cray T3E, IBM SP-2, SGI Power Challenge
