Summary

Dr. Karim is an internationally recognized academic and an experienced consultant in the areas of data mining, machine learning, and applied artificial intelligence. He has authored over 70 research publications at leading venues including two books, and he has 18 years of experience in teaching and supervising undergraduate and graduate students in computer science. Google Scholar Stats: h-index = 23; i10-index = 37; Citations > 2600.

Professional Experience

Professor, Dept. of Computer Science, LUMS, Pakistan (12/2015-present)

Associate Professor, Dept. of Computer Science, LUMS, Pakistan (07/2006-11/2015)

Assistant Professor, Dept. of Computer Science, LUMS, Pakistan (07/2002-06/2006)

Teaching

- Graduate Courses: Data Mining, Machine Learning, Natural Language Processing, Topics in Data Mining Research, Neural Networks, Research Trends in AI, Artificial Intelligence, Data Warehousing, High-Performance Computing
- Undergraduate Courses: Data Mining, Intro to AI, Database Systems, Adv. Topics in AI, Neural Networks, Expert Systems

Research Interests

- I direct the Knowledge and Data Engineering (KADE) Lab focusing on data mining algorithms and applications, machine learning, and applied artificial intelligence. Recent directions include deep learning for natural language processing, text mining, classification and clustering methods, handling bias and social discrimination in learning, and social media analytics.
- Assistive technology for the developing world – technology that can help people with disabilities.
- High performance parallel and cluster computing with an emphasis on algorithms and applications in data mining and machine learning.
- Intelligent systems and systems engineering.

Theses Supervised

- Supervised five (5) PhD theses, 2006 (as co-supervisor), 2012, 2013, 2014, and 2020.
- Supervised dozens of M.S. Theses and Senior Projects.

Infrastructure Development

- Established the first dedicated cluster computer at LUMS as a university-wide resource for high performance computing. Actively contribute to the development of this resource.
- Set up Knowledge and Data Engineering Lab to support research and development efforts in data mining, machine learning, and data science.
- Set up an assistive technology lab for persons with vision impairments.

External Funding

- EUR 90,000 over 3 years for “Developing Tailored Comprehensive Services for Young Migrants.”
- Rs. 12.5 million over 28 months for “ALAP: An Open Source Project for Accessible LaTeX-based Authoring and Presentation of Mathematical Documents.”

- Rs. 0.9 million over one year for “ALAP: An Integrated Open-Source System for Accessible Scientific Documents.”
- Rs. 1.11 million equipment grant for setting up an assistive technology lab for persons with disabilities.
- Rs. 2.63 million over 2 years for “Data Warehousing Virtualization Framework for Enhanced Business Intelligence.” (joint project with PUCIT)
- Rs. 1.1 million over 2 years for “Intelligent Network Intrusion Detection System.”
- Rs. 4.3 million over 3 years for “Automatic Control Programming of Robots Through Imitation” (as Co-PI).
- Several international conference travel grants.
- Two international collaboration and exchange visit grants.

Internal Funding

- Several internally funded research projects.
- Several internal international conference travel grants.

Administrative Contributions

- Member, School Council, 2020.
- Member, Ped-Tech Committee (pedagogy and technology strategy for COVID 19), 2020.
- Head, Working group on Accessibility at LUMS.
- Convener, University standing committee on Accessibility, 2011-2015.
- Revised the CS undergraduate curriculum.
- Evaluated internal research proposals, evaluated research publications, and developed procedures for evaluation as member of the departmental research committee.
- Reviewed and revised rules and regulations of the graduate program as part of the departmental steering committee.

Visiting Professor, Dept. of Computer Science, Information Technology University of the Punjab, Pakistan (01/2016 – 12/2016)

Collaborated with Dr. Faisal Kamiran and his team at the Data Science Lab on a number of projects in causal data mining, speech-based network analysis, media bias quantification, and Roman Urdu processing.

Visiting Scholar, Computer & Decision Engineering Dept., Universite Libre de Bruxelles, Belgium (06/2013)

Collaborated with Dr. Toon Calders on techniques for controlling attribute effect in regression models. This visit was funded by European Commission IT4BI program.

Visiting Academic Researcher, Dept. of Computer Science, U. of York, UK (04/2009-06/2009)

Collaborated with Dr. James Cussens and Dr. Suresh Manandhar on developing a tag recommender for a social bookmarking system. This work was funded by the European Commission EURECA program.

Grad Research Associate. Knowledge Engineering Lab, The Ohio State University, USA (06/96-03/2002)

- Developed a neural network model for estimating freeway work zone capacity and delay.
- Developed a case-based reasoning decision support tool for freeway work zone traffic control.
- Developed robust freeway incident detection algorithms employing wavelet domain processing, fuzzy clustering, and neural network classification.
- Developed an object-oriented software framework for construction scheduling, cost optimization, and management.
- Adapted the framework for the development of a Windows software application using MFC and Visual C++.
- Extended a patented neural dynamics optimization model and applied it to two different domains: construction cost minimization and minimum weight design of cold-formed steel beams.
- Assisted in writing several research proposals for funding of new projects (from DOTs and NSF).
- Successfully completed two projects as the primary research associate, and contributed to others.

Graduate Teaching Associate. The Ohio State University, USA (10/97-12/97)

Assisted students in CE 532 (Structural Steel Design) with the in-house developed software and the commercial software Ram Steel.

Guest Lecturer. The Ohio State University, USA (04/97-12/2001)

Prepared and presented guest lectures in CIS 739 (Knowledge-based Systems in Engineering) on the following topics:

- Reuse in Software Engineering: Components, Frameworks, and Patterns
- Discrete Wavelet Analysis and its Applications
- Introduction to Wavelet Neural Networks

Lab Manager. Knowledge Engineering Lab, The Ohio State University, USA (04/97-03/2002)

Maintained a lab of Windows PCs. Guided and assisted graduate students in their computation needs.

Design Engineer. Amir, Rizwan, and Wasim (Pvt.) Ltd., Lahore, Pakistan (09/94-12/94)

Responsible for the analysis and design, including the final detail plans, of reinforced concrete buildings and steel roof trusses. Worked with the client from requirement analysis to final detail plans for the design of a 50,000 gallons overhead reservoir.

Education**Ph.D. The Ohio State University, USA (04/97-03/2002)**

Concentration in Computer and Information Science and Systems Engineering. Research areas: decision-support systems, neural networks, pattern analysis, intelligent systems, wavelet analysis, optimization, and software engineering. Thesis: "Wavelet-Neural Network Models for Automatic Freeway Incident Detection." Advisor: Dr. Hojjat Adeli.

M.S. The Ohio State University, USA (01/95-12/96)

Civil Engineering with minor in Computer and Information Science. Thesis: "Neural Dynamics Model for Optimization of Construction Projects and Optimum Design of Cold-Formed Steel Beams." Advisor: Dr. Hojjat Adeli.

B.Sc. (Honors) University of Engineering and Technology, Lahore, Pakistan (06/89-07/94)

Civil Engineering. Research Project: "Calculation of Lateral Loads on High-Rise Buildings by Approximate Methods."

Poster Presentations

1. **Karim, A.** and Adeli, H. (1996), *Neural Networks Computing in Highway Engineering*, Ohio Transportation Engineering Conference, Columbus, Ohio, November 19-20, 1996.
2. **Karim, A.** and Adeli, H. (1997), *Object-Oriented Information Model for Construction Change Management*, Ohio Transportation Engineering Conference, Columbus, Ohio, November 18-19, 1997.
3. **Karim, A.** and Adeli, H. (1998), *CONSCOM: A New Construction Scheduling, Cost Optimization, and Change Management System for Highway Construction Projects*, Ohio Transportation Engineering Conference, Columbus, Ohio, November 17-18, 1998.

Publication Impact

- Total citations: > 2600 (based on Google Scholar on 04/2021)
- H-index: 23; i10-index: 37 (based on Google Scholar on 04/2021)
- Sum of Journal Impact Factors: 35.403 (based on 2015 ISI SCI) (dated 2017)

Invited Talks / Collaboration Visits

1. Karim, A. (2014), "Text Similarity and Web Search," Invited talk at ITU, Lahore, Oct. 2014.
2. Universite Libre de Bruxelles (ULB, Belgium), Research visit to Toon Calders group, Dec. 17 - 19, 2012.
3. Karim, A. (2011), invited speaker at White Cane Day, Islamabad, Nov. 3, 2011.
4. Karim, A. (2010), "Assistive Technology: My Perspective and Way Forward," Regional Leadership Conference of Persons with Disabilities, Islamabad, Aug. 2, 2010.
5. Karim, A. (2009), "Text Classification and Clustering: A Simple Discriminative Approach," The University of York, May 20, UK.
6. Karim, A. (2008), "Data Warehousing: Concepts and Techniques," Kinnaird College, Mar. 26, Lahore, Pakistan.
7. Karim, A. (2007), "Data Warehousing: Concepts and Techniques," Kinnaird College, April 28, Lahore, Pakistan.
8. Karim, A. (2005), "Introduction to Data Warehousing and Data Mining," Kinnaird College, Nov. 28, Lahore, Pakistan.
9. Karim, A. (2003), "Nonlinear Optimization – Theory and Practice," *International Bhurban Conference on Applied Sciences and Technology - Control and Simulation*, Jun. 19 – 21, 2003, Bhurban, Pakistan.

Software

Karim, A. and Adeli, H. (1998), *CONSCOM User's Manual*, Version 1.0, Knowledge Engineering Lab, The Ohio State University, Columbus, OH.

Honors and Awards

1. PAS-COMSTECH Prize in Computer Science (IT), Pakistan Academy of Sciences, 2015.
2. European Commission IT4BI Visiting Scholar, June 2013.
3. VLDB Travel Fellowship Award, VLDB, Singapore, 2010.
4. Erasmus Mundus EURECA Visiting Academic Researcher, March to June, 2009.
5. Second position, User Behavior Modeling Award (2nd Position), ECML/PKDD Discovery Challenge, Warsaw, Poland, 2007.
6. First position, Spam Filtering Performance Award (1st Position), ECML/PKDD Discovery Challenge, Berlin, Germany, 2006.
7. University Merit Award. University of Engineering and Technology, Lahore, Pakistan, 1992-1993.
8. B.Sc. with honors. University of Engineering and Technology, Lahore, Pakistan, 1994.
9. First position in school among 80 students in F.Sc. (Higher Secondary School Examination), Lahore, Pakistan, 1988.
10. First position in school among 40 students in GCE O' levels, Bauchi, Nigeria, 1986.

Grants

1. EUR 90,000 over 3 years for “Developing Tailored Comprehensive Services for Young Migrants,” from Erasmus+ Program on Capacity Building for Higher Education, 2020 – present.
2. Rs. 12.5 million over 28 months for “ALAP: An Open-Source Project for Accessible LaTeX-based Authoring and Presentation of Mathematical Documents,” from National ICT R&D Fund, Nov. 2016 – Feb. 2019.
3. Rs. 900,000 over one year for “ALAP: An Integrated Open-Source System for Accessible Scientific Documents” from Sightsavers International, 2010 (equipment and exploratory research grant).
4. Rs. 150,000 for organizing Web Accessibility Workshop from Sightsavers International, 2010.
5. Rs. 2.63 million over 2 years for “Data Warehousing Virtualization Framework for Enhanced Business Intelligence,” from HEC, joint project with PUCIT, 2008.
6. Rs. 1.11 million equipment grant for setting up an assistive technology lab for persons with disabilities from Sightsavers, Inc, 2007.
7. Rs. 1.1 million over 2 years for “Intelligent Network Intrusion Detection System” from PTCL R&D Fund (PI), Jan. 2005.
8. Rs. 4.3 million over 3 years for “Automatic Control Programming of Robots Through Imitation” from PTCL R&D Fund (Co-PI), Dec. 2005.

Consulting

1. Technical Consultant and VP Research for ADDO AI, 06/2017 – present.
2. Technical consultant for AuditXprt, 08/2018 – 03/2019.
3. Technical Consultant for PolyVista, 10/2011 – 06/2012.
4. Technical consulting for advertising prediction models on the Web.
5. Technical consulting for SKMCH&RC (cancer hospital) for the development of a data warehouse and business intelligence infrastructure, Jan. 2010 to Aug. 2010.
6. Technical consulting for Tricastmedia, Inc for the R&D project “Ranking Product and their Features Based on Reviews on the Web,” Jul. 2007 – Jan. 2008.
7. Technical consulting for Intagleo (Pvt) Ltd for the R&D project “Location-based Search Engine for Mobile Devices,” Jan. 2008 – Mar. 2008.

Member Reviewer Panel

1. Information processing and Management, 2020.
2. Information Sciences, 2019.
3. International Journal of Digital Library, 2015
4. Data Mining and Knowledge Discovery (DMKD), 2014.
5. Information Systems, 2013 - 2014.
6. World Wide Web Journal, 3012.
7. Integrated Computer-Aided Engineering, 2000 – 2003, 2006, 2008-2012.
8. Computer-Aided Civil and Infrastructure Engineering, 1997 – 2013.
9. IEEE Transactions on Intelligent Transportation Systems, 2004 – 2007.
10. Higher Education Commission of Pakistan (Research Proposals), 2003 – 2006.

11. Journal of Intelligent and Fuzzy Systems, 2005.
12. Journal of VLSI Signal Processing, 2003.
13. Engineering Applications of Artificial Intelligence, 2000 – 2001.
14. Neurocomputing, 2000.
15. Journal of Applied Systems Studies, 1999.

Member Conference/Workshop Committees

1. Program Committee member, International Workshop on Bias and Fairness in AI (BIAS), 2020.
2. Program Committee member, International Conference on Neural Information Processing (ICONIP), 2019.
3. Organizer, Assistive Technology Workshop, LUMS, Feb. 2019.
4. Organizer, Moot on Inclusive Education Policy and Practice, LUMS, Jan. 2016.
5. Program Committee Member, IEEE International Conference on Big Data Computing Service and Application (IEEE BigDataService), San Jose, CA, Mar 30 to April 2, 2015.
6. Program Committee Member, International Multitopic Conference (INMIC), Lahore, Pakistan, Dec. 2013.
7. Director/Co-Presenter, Web Accessibility Workshop, March 1 – 4, 2010, LUMS, Lahore, Pakistan.
8. Program Committee Member, International Conference on Multimedia Computing and Information Technology, Mar. 2 – 4, 2010.
9. Resource Person, Intelligent Data Analysis Methods in Functional Genomics, March 17 – 18, 2007, CASM, LUMS, Lahore, Pakistan.
10. Program Committee Member, International Conference on Computational Intelligence and Security, Dec. 15 – 19, 2007, Harbin, China.
11. Program Committee Member, International Conference on Computational Intelligence and Security, Nov. 3 – 6, 2006, Guangzhou, China.
12. Technical Program Co-Chair, IEEE International Conference on Engineering of Intelligent Systems, Apr. 22 – 23, 2006, Islamabad, Pakistan.
13. Technical Committee Member, International Conference on E-Governance, Dec. 9 – 11, 2005, Lahore, Pakistan.
14. Co-Coordinator, Workshop on Business Intelligence: Overview of Data Warehousing and Data Mining, Dec. 16 – 18, 2005, CASM, LUMS, Lahore, Pakistan.
15. Director, Workshop on Business Intelligence – Creating Customer Value, Jan. 16 – 17, 2004, REDC, LUMS, Lahore, Pakistan.
16. Reviewer, International Conference on Computational Intelligence and Security, Dec. 15 – 19, 2005, Xian, China.
17. Reviewer, Workshop on Frontiers of Information Technology, 2004 and 2005, Islamabad, Pakistan.
18. Reviewer, International Conference on Emerging Technologies, Sep. 17 – 18, 2005, Islamabad, Pakistan.
19. Reviewer, INMIC, 2004, Lahore, Pakistan.
20. Reviewer, International Conference on Parallel and Distributed Systems, Jul. 9 – 11, 2004, Newport Beach, California, USA.

Member of Professional Organizations

Member, IEEE, 1998-present.

Expertise

- Data mining, machine learning, pattern recognition
- Information retrieval and extraction, text analytics, natural language processing
- Deep learning
- Predictive analytics, pattern discovery, social media analytics, Big Data
- Fuzzy systems, knowledge-based systems, case-based reasoning, genetic algorithms
- Assistive technologies, human-computer interaction
- Parallel computing, cluster and grid computing
- Data warehousing, database systems
- Wavelet analysis, signal processing
- Linear and nonlinear optimization, discrete system simulation, statistical analysis
